OF AMERICA, INC.®

How do I become a Charter Chapter?

Step 1:

- Identify needs in your community around which you can rally men of your community to commit time, talent and resources to address the needs within the 100's core competencies and consistent with the mission.

Application Evaluation

- The application will be reviewed and evaluated for readiness to submit to the Chapter Development Committee. The Committee will determine if the application will be approved for the group to become an official 100 Black Men Interest Group.
- Next steps will be determined by the Committee. But the process for obtaining a 100 Black Men Provisional Chapter Charter is a 9-12 month period. It takes an additional 9-12 months to become established as a chapter and earn a full 100 Black Men Chapter Charter.

The Why

- Chapters are the core of the 100 Black Men of America, Inc. To positively impact communities all across the world; we need local entities called 100 chapters to identify and help meet the needs of youth and families. Developing new chapters and improving existing chapters is vital to the continued impact and success of the organization.
